Reason there are fewer than three comparable properties

- ☒ I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

A search was undertaken for comparable sales for 6 Sandy Mount Avenue, Inverloch within the required 18 month period and 5km radius. In assessing potential comparables, consideration was given to the number of bedrooms and bathrooms, property type, condition, construction and cladding, overall build quality, location, accommodation and general standard of the property.

At this stage, I have been unable to identify three sales within the 18 month period that I consider sufficiently comparable to the subject property. The available sales either differ materially in configuration, condition, construction, quality or overall property characteristics and lack the ocean views, bunk house and land size that this property provides and, in

my view, would not provide a fair or meaningful comparison.

Further comparable sales will be added as soon as suitable transactions become available. At present, there are only 2 recent sales that adequately reflect the build, quality and overall characteristics of 6 Sandy Mount Avenue, Inverloch

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
