Please refer to the RTA for advice on the charges that can be passed on to tenants. Visit: [rta.qld.gov.au](http://rta.qld.gov.au) and search for 'Water charging fact sheet'.

You are using more water than the average Logan household, there are many simple ways for you to use less water. Check out our water saving tips on the next page to see how small changes can make a big difference.

## How you can save water

If you're using more than the average household, try these waterwise tips.

With small changes in your habits, you'll save money and we'll all save water.

 Have shorter showers. Save 9 litres a min.	 Run the dishwasher only when full. Save 1,000s of litres a year.
 Fix a dripping tap. Save 50 litres a day.	 Turn off the tap when brushing your teeth. Save 5 litres a min.
 Use the half flush button on the toilet. Save 30 litres a day.	 Run the washing machine only with full loads. Save 1,000s of litres a year.
 Sweep your driveway rather than hose it down. Save 11 litres a min.	 Use a pressure cleaner to clean your car instead of a hose. Save 8 litres a min.
 Use a pool cover. Save 36,000 litres a year.	 Install a rainwater tank. Save 1000s of litres a year.

For more information visit:  
[logan.qld.gov.au/waterwise](http://logan.qld.gov.au/waterwise)

## Do you know what \$1 of water usage charges buys you?

Because we use water for so many things in our households, it can be hard sometimes to see exactly what our water bill buys us. You might be surprised to learn just how much water you get for around \$1, here are a few examples:

 **1,000** CUPS OF DRINKING WATER
   
OR
   
 **6x** 4 MINUTE SHOWERS
   
OR
   
 **25** FULL DISHWASHER LOADS
   
OR
   
 **82** HALF FLUSHES OF THE TOILET

## How to check for concealed water leaks

It's easy to check for concealed water leaks, and if your pipes are leaking you may be eligible for a reimbursement on your water usage costs.

We repair water leaks from the water supply system to (and including) your water meter. You are responsible for repairs from your water meter to your property.

For more information visit:  
[logan.qld.gov.au/waterleaks](http://logan.qld.gov.au/waterleaks)

## How to read your water meter

Locate your meter and read the **BLACK NUMBERS ONLY** as per the images shown.

If your meter is this type, the reading would be **0030** kilolitres

Drop into your local library or nearest customer service centre to pick up a 4 minute shower timer. It's our gift to you to say thanks for working with us to better manage our precious water resources.

## Don't rush to flush

Disposing the wrong items down toilets, sinks and wastewater pipes can result in homeowners incurring expensive plumbing bills to unblock wastewater pipes on their property.

Correct disposal also reduces unnecessary damage to our wastewater network and the environment.

**Only flush toilet paper, pee and poo.**  
(No wet wipes, tissues or paper towels).

**Only water should go down the sink.**  
(No cooking oil, grease or food scraps).

**Take paint, fuel, engine oil and chemicals to Council's Waste and Recycling facility.**  
(Don't tip onto your grass).

## Overlays

Overlays mark areas where extra rules apply for land use and development due to natural hazards, like bushfire or flooding, or where we need to protect values like our biodiversity, heritage and waterways. They also help us manage health, safety and assets in areas near infrastructure like powerlines, transport corridors and water pipelines. To learn more please see Part 5 and Part 8 of Logan's Planning Scheme.

Refer to the [map legend](#) to understand the symbology on the overlay maps.
