Reason there are fewer than three comparable properties

X **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

Due to the unique characteristics of this property, fewer than three directly comparable sales could be identified within the relevant period and location. The property is a vacant 452m² residential allotment with an approximately 14m frontage, located within the River Valley Estate at Sunshine North. The estate is still undergoing development, with further stages and construction taking place. As a result, there is a limited number of recent sales of vacant land that are directly comparable in terms of land size, frontage, location and development stage. Accordingly, only the most relevant comparable sale available has been considered when determining the estimated selling price. While the comparable property is not identical to the subject property, it is considered relevant having regard to the available evidence and the current stage of development within the estate.

Sale Outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
